## LCC Modelling System

### B 70-15 Coal stage

This kit includes elements which can be used to assemble a coal stage.

Width: 178mm (without stairs)

Depth: 93mm

Height: 71mm

**All drawings are not in scale.**

LCC Modelling System is flexible and you can make easy modification. Please visit our website at [www.lcut.co.uk](http://www.lcut.co.uk) to shop for additional LCC elements.

**!** We recommend PVA or any other paper/wood glue for the fibre board parts.

**■** Painting recommendation:

We recommend using acrylic paints. There is no need to undercoat the surface but it can be done if desired. The material used is porous and relatively forgiving, heavy coats are unlikely to flood the brickwork.
