

LCC Modelling System

B 70-16 Coal merchant and coal staithes

This kit includes elements which can be used to assemble a coal merchant and coal staithes.

Coal merchant:
Width: 83mm
Depth: 61mm
Height: 86mm

Coal staithes
Width: 180mm
Depth: 94mm
Height: 42mm

All drawings are not in scale.

LCC Modelling System is flexible and you can make easy modifications. Please visit our website at www.lcut.co.uk to shop for additional LCC elements.

! We recommend PVA or any other paper/wood glue for the fibre board parts.

Painting recommendation:

We recommend using acrylic paints. There is no need to undercoat the surface but it can be done if desired. The material used is porous and relatively forgiving, heavy coats are unlikely to flood the brickwork.
